

AZB & PARTNERS
ADVOCATES & SOLICITORS

START-UPS AND EMERGING COMPANIES

AZB & Partners has extensive experience in advising emerging companies establishing or doing business in India.

We provide services at every stage of the startup growth-cycle, from advising boot-strapped start-ups to managing issues for listed global technology companies.

We also represent individual and institutional investors, including leading venture firms, private equity firms, and investment banks, who finance and assist in the growth of these emerging companies.

Our sectoral experience covers all major investment sectors financed by venture capital and private equity firms in India.
