

AZB & PARTNERS
ADVOCATES & SOLICITORS

SEMICONDUCTORS

We have dedicated significant resources to building a comprehensive semiconductor practice. Our team combines technical legal expertise with a thorough understanding of India's semiconductor policies, regulatory framework, and the global supply chain dynamics that are reshaping India's role in this critical industry.

AZB & Partners is positioned to service clients' requirements in the India as well as globally in semiconductor business. We also work and coordinate closely with our international counsel in Japan, Korea, Singapore, Malaysia, Germany (EU) and USA.
